D.J. Kirkbride : Do You Believe in Ninjas? before purchasing it in order to gage whether or not it would be worth my time, and all praised Do You Believe in Ninjas?:

0 of 0 people found the following review helpful. Funny and witty, learned everything and more I wanted to know

about ninjasBy FireTierThis was one of the most hilarious books of poetry about ninjas I've read. It was a quick read, light-hearted, very witty and charming all around. The poetry views ninjas from perspectives I'd never even thought about. Let me give some examples to illustrate:"It's hard to order a burritoWhen you're practically invisibleThat is the plight of hungry ninja." "Ninjas don't jazzercise to keep the thunder out of their thighs.For that they kick tons of ass." "The last time a ninja ran for presidenthe won.His name was George.George Washington." Highly recommend for a good, fun charged time!3 of 3 people found the following review helpful. So unique! I love it!By Jennifer BosworthThis book was an insane amount of fun. I rarely use the word "fun" in referring to poetry, but call this the exception. I know people use LOL a lot when they haven't actually LOLed, but I LOLed my a# off while reading "Do You Believe in Ninjas?" The title alone made me chuckle, and the poetry itself was pure comedic genius. The voice is completely unique. This is my kind of poetry. Mr. Kirkbride, please write more books. Please?0 of 0 people found the following review helpful. Who Knew I Had So Much In Common With Ninjas?By SusieQI am also a caffeine junkie, don't dig improv, hate traffic and paying for parking. Holy crap, am I a ninja? (I always felt more pirate.) Funny book...excellent tool should you require a deep insight into the ninja psyche for profiling purposes.

A collection of the finest poetry about Ninjas ever collected. Well, at least that we know of - the others are all very very secret. Ever wonder how the modern ninja copes with daily life? Well, you should. Possibly not in the way this poet would have you believe, but then again, who's to say? Including not one, two, but SEVEN ninja haiku slams, this will be the book that quite possibly gets its author killed in the night...

Do You Believe in Ninjas?is a quick and satisfying read and an excellent example of the creative power of poetic verse.4/5 stars - Fandomania.com
