"Roll up! Roll up! Come along and see some of the greatest wonders of the civilised world! Well, not civilised exactly, more grotesque and obscene. More the sort of things that make you sob into your pillow late at night wishing you could remove those terrible memories. But still, its worth a look eh. Dr. Jacob Ripper invites you to meet his terrible creations.. Come along and bear witness to his Fabricated Freaks" Dr Ripper's Fabricated Freaks is a collection of adult humour illustrated poems about the creations of a madman.
