**Boaz Stark : Drag Queen Baby Name Book** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Drag Queen Baby Name Book:

3 of 3 people found the following review helpful. Perfect Christmas gift for a friend at work By Ratherberaw We sit around laughing at drag names, love them. This friend once laughed in a relative's hospital room because the doctor said they needed to do an angiogram, and he thought...Angie O'Graham! What a great drag name!

Having a Drag Queen but no idea what to call her? Uma Gawd! This Trudy Light of a book has literally hundreds of names to suit Drag Queens of every shape (Justine Ormous), age (Terri Daktil), race (Fu Ling Yu) and religion (Cath Lick). Your Drag Queen is destined to be the Bella DeBall with this Paige Turner!

Sydney writer Boaz Stark has put together a hilarious collection of over 700 drag queen names with The Drag Queen

Baby Name Book. With more puns, double entendres and witty wordplay than you can poke a stick at, the book would make a great gift for drag queens and expectant mothers alike. It's lavishly illustrated with photos from some of Australia's leading drag queens too. Now available at Hares Hyenas or from .com --Bnews, Melbourne Australia, August 20, 2008

About the Author Boaz Stark was obsessed with puppets from the age of 6 and performed sell out shows at Christian kindergartens on Jewish holidays until he burnt out at 12. Ten years later he re-invented as a scriptwriter and realized it's just a more sophisticated form of puppetry. Now well versed in writing for television, film and advertising, Boaz loves a good pun which naturally lead to a fascination with drag names - and The Drag Queen Baby Name Book.
