Al Clayton : Dreadful Delicacies before purchasing it in order to gage whether or not it would be worth my time, and all praised Dreadful Delicacies:

The authors of Critter Cuisine have produced another outlandish gourmet "cookbook" to keep the culinary world clucking. The Claytons give readers more wondrous, easy-to-identify alternatives to stock supermarket flesh. And face it, do you really know what's in those meat counter packages? Full-color photos throughout.
