Geoffrey Golden : Dream It! Screw It!: 30 Years of Rejected Disney Park Ideas by Imagineer Dipp Disney before purchasing it in order to gage whether or not it would be worth my time, and all praised Dream It! Screw It!: 30 Years of Rejected Disney Park Ideas by Imagineer Dipp Disney:

would be descriptions of real "imagineering" failures, not make believe.0 of 0 people found the following review helpful. Dream It! Screw It! What a book, how do I begin?By YveyMDream It! Screw It! What a book, how do I begin? Well firstly I had the pleasure of meeting the author Geoffrey Golden and his lovely wife Amanda at a mutual friends wedding. As a true Disney die hard, on hearing about Geoffrey's new book, I knew I just had to read it. With each page turn I laughed so hard I cried . The illustrations are priceless, the story behind each new idea had me stifling giggles and loud bursts of laughter on my morning commutes. Thoroughly enjoyed every bit of it. I recommend this book to anyone, Disney fan or not, if you love to laugh, you need to read this book.0 of 0 people found the following review helpful. You have to deeply understand and deeply love something to effectively make fun of itBy Rebecca HicksYou have to deeply understand and deeply love something to effectively make fun of it, and Golden clearly understands and loves the magic that is the Disney Parks. This book is a must have for the bookshelf of any fan of Disney that both loves the magic and accepts and appreciates the absurdity of it all.

Disney theme park Imagineers think up hundreds of ideas for rides and attractions that never get used. But no Imagineer has created more terrible and rejected ideas than Dipp Disney. Walts cousin was a sloppy drunk, a complete idiot, and a lovable showman, whose 7000 attraction ideas never saw the light of day... until now. This mock homage to Disney Imagineering contains Dipps most ridiculous concepts, like the Haunted Mansons, the Hindenburg Sky Resort, and Judge Dooms Toon Execution Room. Includes concept art, photos and stories spanning decades.

This book clearly shows why some people should never be Imagineers...Dana Snyder, comedian and co-host of Drunk on DisneyDream It! Screw It! ambitiously combines photos, scrapped plans, embarrassing anecdotes, and concept art by award winning indie cartoonists to build an immersive farce.Roger Palmer, DisKingdom.comThis is hilarious. Just warped enough...Former Imagineer Mark Eades (Star Tours)About the AuthorGeoffrey Golden is the bestselling author of Frankenstein s Girlfriend, Snarkicide, and co-author of Grosslumps.
