Relatively new to the stripBy Paul MCRAEI have read Baby Blues on and off in the local paper for the past several years. Having not received the paper on a regular basis has prevented me from sticking with it consistently. However, I have historically enjoyed it when I read and decided to start picking up the treasuries to play a bit of a game of catch-up. They weren't all readily available and I'm a bit of a stickler for reading in some degree of order. As a result, I started with the first of the series that I could readily find.As expected, it was very entertaining and made brought an audible chuckle on more than one occasion. Thoroughly enjoyable. I would happily recommend. Next up for me: Framed - Baby Blues Treasury0 of 0 people found the following review helpful. Fun and funny!By jlmIf you like Rick Kirkman, this will not disappoint. My son-in-law is a fan, and this was a gift I previewed before gifting. Fun and funny read. Will lift spirits of parents with young children...and let you know you're not alone on "those" days :)

"Any parent can understand why Darryl and Wanda MacPherson can't decide whether to hug Zoe and Hammie to pieces or turn them into pieces in some less loving way. . . . Kirkman and Scott are virtuosi of the world of child-rearing." --Infodad.comUnder the sticky seats, next to the molten milkshakes, unreturned library books, and petrified french fries is where you'll probably find the hidden microphone. Those Baby Blues cartoonists undoubtedly planted it in your minivan, because how else could they come up with the ideas for their comic strip that mirror exactly what's going on in your life?Fans and critics have been alternately checking under their seats and raving about the realism of the parenting experience depicted in Baby Blues for years. That realism is no accident (nor the result of illegal

wiretaps). Parents themselves, cocreators Rick Kirkman and Jerry Scott have an infinite wellspring of material at their disposal. As writer Jerry Scott explains, "As long as kids keep having runny noses and wiping them on the drapes, we're in business." This colorful treasury, *Driving Under the Influence of Children*, not only contains over 240 pages of award-winning Baby Blues comic strips, but also contains Baby Blues stickers, including a bumper sticker that should be affixed to nearly every minivan on the road.
