definitely reduced the stress off this clueless groom's shoulders who is scheduled to get married in 5 months. Your book is very informative, easy to follow, and I must say, my fiance is very happy that I took the time to read it, as am I. 0 of 0 people found the following review helpful. About the Author John Pfeiffer has been through it all--from buying the ring (she still gets compliments) to successful negotiations for getting his own groom's cake (complete with Superman logo, of course). Now he's here to help other guys find their role in getting both them and their wives-to-be to the church on time.
