Former Police Officer Exposes Truth Behind Botched DUI Test! Millions have been wrongfully convicted as a result. Learn how the police manipulate the breath test in order to achieve a false positive. The author, a former Boiling Spring Lakes, NC, Police Officer was a person authorized to administer a chemical test utilizing the Intoxylizer 5000.

Luther held a permit issued by the Commission for Health Services (now Department of Human Resources) pursuant to G.S. 20-139.1(b)). Read along as I expose how the law allows you or I to be wrongfully convicted of DUI. Here, I expose two secrets behind the Intoxylizer 5000-its minimum legal standard and enhanced testing methods. The "enhanced" testing method will automatically enhance the DUI suspect's breath alcohol concentration result to a much higher level, and in some instances, nearly double the result. Learn how to identify this test and avoid falling prey.
