**Kirtley Elliott Thornton : Dysfunctional Shrinks** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dysfunctional Shrinks:

It's a story of a group of dysfunctional shrinks who work in Greenwich Village. The clinic is organized around the concept of shrinks specializing in subcultures such as mafia, wall street, nymphomaniacs, politicians, etc.

About the Author Kirtley Thornton is a psychologist in private practice in Central New Jersey.
