Mark Zahn : Earned Rum before purchasing it in order to gage whether or not it would be worth my time, and all praised Earned Rum:

how this could possibly be Mr. Zahn's first novel. Zahn struck gold right out of the starting gate. *Earned Rum* is a story to be read and reread. A great read and even a better find among numerous choices. I am so glad I chose this one. 0 of 1 people found the following review helpful. A must read!! By Tommy Zahn Very entertaining as it takes you on a completely unexpected journey, all the while encompassing such elements as comedy, drama, action, suspense, and even some romance. Not just for the baseball buff, as it would appeal to anyone no matter what your reading preferences are. And no I'm not giving away the ending, or any other part for that matter...you'll just have to see for yourself! 0 of 1 people found the following review helpful. Not just about baseball By Joshua Dahmus Very entertaining, it was both fun and witty while maintaining an air of intrigue. A wide cast of characters with great names and great storylines. Keeps you reading until the end, very nice work by Mr Zahn.

"Somerset was falling from grace. He knew this was true because he was in a crashing airplane, and his grace was falling at 550 m.p.h." So starts *EARNED RUM*... Mark Zahn's subversively hilarious and startlingly offbeat novel about life, love, God, baseball, sex, money, espionage, rum, and conch fritters. Not necessarily in that order.
