**Charles M. Schulz : Eating Is My Business (Peanuts)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Eating Is My Business (Peanuts):

29 of 29 people found the following review helpful. Remarkable set, let down by the introductions  
By KStock This set is excellent, and (almost) everything I hoped for. Perhaps even more, as the books are huge. OK, they're smaller than the Peanuts "Artist's Edition" but they're a lot bigger than the Complete Peanuts books. The colouring is perfectly suited to the strip. It is described as being the same used in the newspapers of the time. I don't have any to compare (what do you expect? I wasn't born then) but it is subdued, not flashy. Obviously if you have Complete Peanuts for the period, then there's nothing new in these books. But the coloured versions give a new light to them. And it's nice to be able to see (instead of just imagine) Schroeder turning "three shades of green". My one gripe (and it also applies to the Complete Peanuts series) is: why do Fantagraphics get people who don't really know about Peanuts to write the introductions? Jonathan Rosenbaum spends two pages describing what Lucy does in one particular strip, but... it isn't Lucy. Anyone who is at all familiar with Peanuts can see that the person concerned is Violet. And how come nobody at Fantagraphics actually checks these details?

By Luiz Centenaro Nice little books make a great gift.  
0 of 0 people found the following review helpful. Given away as a Gift \*sigh\*  
By Selene Bought as a gift. Was well received. It is quite a lovely book, perfect for comic strip lovers.

Who needs a doggie bag? Not Snoopy. All he needs are doughnuts and lots of them. As his ever-faithful waiter, Charlie Brown brings his dog just what he likes and right on time...suppertime! Eating is My Business is a collection of classic Peanuts strips that you can really sink your teeth into.

These are beautiful books. Full color dust jackets and numbered bindings make for books that look great next to each other on the shelf. But you'll need a big shelf. [F]or the fan, they are a collection absolutely worth having. - Joel Neff, Boing Boing  
For every hung up person in the whole wide universe. ... Peanuts color Sunday comics, from the beginning. Nuff said. - Rob Salkowitz, Forbes  
About the Author Charles M. Schulz, is the world-renowned creator of the Peanuts comic strip. He is the recipient of two Reuben Awards from the National Cartoonists Society and has been inducted into the cartoonists Hall of Fame. He lives with his wife, Jeannie, in Santa Rosa, California
