Jasper Cook : Echoes of Vaudeville before purchasing it in order to gage whether or not it would be worth my time, and all praised Echoes of Vaudeville:

0 of 0 people found the following review helpful. Great, clean humorBy R. BroussardAfter the author retired and moved to Austin, he still wrote letters to our local paper. He had a true gift for humor - a humor that offended no one. He was a good man, and is missed by those of us who read his work. This book, "Echoes of Vaudeville", is an excellent example of his sense of humor and his stories of Vaudeville.

Rubber-faced, 90 year old comedian, Jasper Cook, re-lives some of the most humorous events in his life as an entertainer. His embarrassing moments, and the outrageous practical jokes he has suffered through, are positively hilarious. His buffoonery and confrontation with an irate red hen is absolutely hysterical. The book also includes more than twenty skits and routines performed many years ago by Jasper and his group of entertainers. His comedy is noted for its family oriented, clean material. From singing a solo in Church while the pianist played the wrong music, to having a stage collapse with him, Jasper Cook's stories in this book are guaranteed to make the reader laugh.

About the Author Jasper Cook was born in Cisco, Texas in 1915. By his sixth birthday he was entertaining friends with his harmonica and funny stories. He became a comedian and musician at Medicine Shows, in Vaudeville, National Radio and Television, and is also author of *The Portable Pastor*.
