It's such a relief from all the bickering in the campaign. If you like light-hearted political humor you'll like this book a lot. There's photos of just about EVERY important (and not so important) political figure from the heavyweights like Hillary, Obama, and Bush to Kerry, Kennedy, and even some people I don't know. There's also celebrities, one of my fave jokes involved Michael Moore! There's also Chuck Norris, so that says it all. The best part is the cover joke with Hillary is perfect! She's yelling "...And I'll hire the interns!" After the latest news about Bill and Monica a few days ago, this joke is even funnier and the timing couldn't be better. Stan, you're the man! 1 of 2 people found the following review helpful. Thumbs Up from Dennis Miller? SMH By Zero Dennis Miller never met a line of propaganda from the right wing misinformation machine that he did not foolishly take at face value and work into his failed routine. A good review from him cannot be good. 0 of 0 people found the following review helpful. Refreshingly non-partisan political humor By Dennis Oseredczuk Refreshingly non-partisan political humor with fabulous photography! I purchased my copy a few weeks ago and lent it to a family member who has little interest in politics. She loved it! The bad news, I suspect I am not getting it back any time soon.

times.

Absolutely hysterical ! --Dennis Miller Stan Lee is an incredibly accomplished writer of comedy. (After reading Election Daze) my face and stomach still ache. Who knew that extended bouts of smiling coupled with laughter could prove so physically demanding...or hurt so good? --Bill Baker, Columnist, Baker's Dozen Absolutely hysterical ! --Dennis Miller About the Author Stan Lee is an American icon, an acclaimed writer and editor best known as a modern myth-maker though the superheroes he has created such as Spider-Man, X-Men, Hulk, Daredevil, and the Fantastic Four. He led the expansion of Marvel Comics from a small publishing company to a large multi-media corporation by infusing his exciting characters with modern flaws and sensibilities. More recently Stan Lee has formed a company called POW! (Purveyors of Wonder) Entertainment which develops film, television, video games, and publishing properties. Lesser known is Lee's love for humor and pop culture. He once published a book of photo humor called Golfers Anonymous as well as editing and writing a magazine featuring celebrity humor called You Don't Say!
