Funny little book with memorable lines from the movie. Smaller than expected, just 4.5"X6". Nice little gift for an Elf fan. 1 of 1 people found the following review helpful. Elf fanatic must haveBy angvorder It's a pretty small book, more like a flip book, and some illustrations from the movie would have made it better, but it is full of one liners and great elf wisdom from the movie. If you love Elf, as much as my family does, buy it. 1 of 1 people found the following review helpful. Great for fansBy pickpocket094 While this book isn't anything new, it is the perfect present for an Elf fan who loves to quote the movie. Nice to have a little book that you can flip through with your kids to relive a bit of the movie.
