before purchasing it in order to gage whether or not it would be worth my time, and all praised Emoji Pride and Prejudice: Epic Tales in Tiny Texts (Condensed Classics):

They could have left out the last four fifths of the book.0 of 0 people found the following review helpful. Five StarsBy CustomerAdorable idea, great for any PP fan.1 of 1 people found the following review helpful. Five StarsBy FranSo much fun, a great little gift.

ICYMI, Jane Austen's Pride and Prejudice told in texts and emojis. What would happen if the characters of Pride and Prejudice could text each other? Would Elizabeth call Mr. Darcy a [poop]? Would Darcy drink and dial and accidentally reveal his true feelings [heart]? In this laugh-out-loud re-telling of Jane Austen's famous work, you'll get a condensed modern interpretation of the world's greatest love story . . . all told through texts and emojis. Featuring hundreds of classic and new emojis along with a removable poster (featuring all the emojis), this is the perfect gift for the Austen lover.

""This is the funniest Jane Austen spin-off we've seen in a long time!"
