Karen Salmansohn : Even God is Single: (So Stop Giving Me a Hard Time) before purchasing it in order to gage whether or not it would be worth my time, and all praised Even God is Single: (So Stop Giving Me a Hard Time):

2 of 2 people found the following review helpful. Is that it?By HonnieThis isn't what I'd call a 'normal' book. It reminded me of childrens books, with just a few sentences per page, trying to sound funny. To be fair, a few points were funny, but the whole book certainly isn't LOL. You can flip through this book in a short time, and singletons may be able to relate to it, but over all I wouldn't recommend the cost of the shipping and handling, in my opinion.0 of 0 people found the following review helpful. MehBy MelissaTries WAY too hard to be funny/witty. Clearly the author has a lot of bitterness/anger to work through.1 of 1 people found the following review helpful. fun readBy R. Castanedagreat book for any age female that isn't looking for Mr. Right to get married, maybe just Mr. Right Now to hold her over. a good reminder that you don't have to be married to matter.

It's the edgy gift book for every unmarried woman who's fending off her nudgy mother and overly concerned (over-bearing?) friend, who can't go to a holiday dinner, class reunion, shower or wedding without hearing the usual round of questions. Something like So, why aren't you married yet? Or sometimes, Still not found that special someone? Or any variation thereof.Delightful, irreverent, and witty, Even God is Single, So Stop Giving Me a Hard Time is an

affirmation for every girl who's single and loving it. Even God is Single is strong, sexy, smart, and edgy. And joyous-it celebrates singlehood, just as it pays homage to the self-assured and savvy woman who knows that you're not half a person just because you're not half a couple. Even God is Single asks is it "monogamy" or "monotony?" Shows that given the 50% divorce rate, you haven't missed out on marriage, you just skipped a few divorces. And fearlessly examines the role models. Married? Frankenstein, Linda Tripp, and 20,000 Moonies. Single? Catwoman, Superwoman--and, of course, God.

From the Back Cover Tired of hearing the same old question: Why aren't you married? Never let anyone dare question your single status again. Inside this therapeutic little book, you'll find 26 good, snappy single-girl comebacks to fling at anyone who makes you feel like you're half of a person just because you're no half of a couple. Plus, a philosophy of why it's better to hold out for a soulmate instead of settling for a cellmate. About the Author Karen Salmansohn is the author of the bestselling *How to Make Your Man Behave ...* and *How to Be Happy, Dammit*. She is a relationship expert for MSN.com and Match.com, and hosts her own daily radio show, "How to Be Happy, Dammit" on Sirius. She lives in New York City.
