C. McNair Wilson : Everyone Wants to Go to Heaven, But...: Wit, Faith, and a Light Lunch before purchasing it in order to gage whether or not it would be worth my time, and all praised Everyone Wants to Go to Heaven, But...: Wit, Faith, and a Light Lunch:

0 of 3 people found the following review helpful. Nothing new or noteworthy here.By Pastor JeffA very quick read but nothing new, noteworthy, or compelling here. It brings an occasional smile but falls far short of its billing.3 of 3 people found the following review helpful. I WANT to go to heaven - no if, ands or buts!!By nancy lannoBecause of my purposeful separation of religion (my beliefs), pleasure and business, I am not often "moved" to discuss, or even read, books of this nature. However, my godchild was visiting and had just experienced Craig McNair Wilson "live" and had purchased his book. I picked it up - and couldn't put it down. He has an incredible approach to imparting his message with humor, criticism and profundity. The meat of this book lies in McNair's ability to discuss the Bible and

Christianity without elevating himself - and relating to it on a practical level. It is hysterical - and meaningful. Real-life words with open criticism to some beliefs and practices. Great for teens and older. Easy reading - great cartoons. 1 of 1 people found the following review helpful. HillariousBy theMcnaïr Wilson is a genius. I could not stop laughing once I opened this book. I had to take a break because I was so exhausted from laughing. Mcnair accurately portrays the problems with Americanized Christianity in a very humorous but still convicting way. Mcnair understands the healing and freedom that comes from being able to laugh at ourselves. For anyone who grew up going to church or avoids church religiously, this book is for you. You will enjoy Mcnair's wisdom and humor, and you might end up a little freer on the other side.

This title explores the idea that our creator may be as much fun as we can be. By turning conventional Christian concepts upside down, the author aims to guide the reader to find new ways of looking at faith. The sacred cows of Christianity may well make a great hamburger.
