**Dr. Chandler Bolt : Everything Democrats Know About The US Constitution: (intentionally blank book)**  
before purchasing it in order to gage whether or not it would be worth my time, and all praised Everything Democrats Know About The US Constitution: (intentionally blank book):

0 of 0 people found the following review helpful. Exactly!By CustomerGold Gag Book!1 of 3 people found the following review helpful. Physical copy may be better.By Slade SimonI get the joke, but I feel this works best with a physical copy of the book. I don't recommend the Kindle edition. It's a very clear presentation, easy to understand. There are no extended paragraphs that over-analyze things. Simple and to the point.5 of 8 people found the following review helpful. Chandler Bolt's Art... Pure Genius!By Jeremy OvertonDr. Bolt has done it again... taking to heart Seth Godin's credo that you can (and should) be your own publishing house, Bolt takes Democrats to task in real time on election night, without saying a word.Bravo!

Have you ever wondered exactly how the democratic party approves passes their laws? When a new bill comes across their desk, they must carefully read it and compare it alongside our Constitution...right? Afterall, this is arguably the single most important document in the history of the United States. Since the US Constitution is the filter that all laws are run through, Democrats (and all politicians for that matter) must have a complete understanding of every detail found within it. They must know the Constitution upside-down, backwards, and forwards. Because of it's importance, Dr. Chandler Bolt set out on a decade long quest to answer the question: "How much do Democrats actually know about the US Constitution?" Over 10 years, he spent thousands of hours interview politicians, reading political literature, and analyzing the voting decisions of Democratic voters in all 50 states. In this book, Dr. Chandler Bolt distills his years of research into what is arguably the most extensive study ever done on the democratic party. Unbiased and up-to-date, this book addresses all of the hot button issues surrounding the Democratic party. This book very clearly explains the democratic stance on: Raising taxes Obamacare Immigration laws Legalizing marijuana And much more! In short, this book attempts to uncover the foundation of the Democratic party so that it can be easily explained for the common man... no matter the political party. In case you haven't already figured it out, this in-depth explanation features 129 blank pages. Because... in reality, what do democrats really know about the US Constitution?
