Andrew Gall : Everything is Better with a Gorilla (Everything Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Everything is Better with a Gorilla (Everything Series):

This is one of the first books that tells you how things could be better WITH a gorilla. A master stroke of genius! Gall and Soliven have answered the nagging question that has been on everyone's mind for the last few centuries: could life be improved by being best buds with an enormous gorilla? The answer is a resounding YESH. And they give plenty of examples to buttress their argument. I said buttress. This guide is ever helpful in seeing the glass not half empty or half full, but held by a gorilla companion. Essential to anyone who needs to see the world through fur-colored glasses. I highly recommend! A+++++++ Would transact with again! Thanks seller! 0 of 0 people found the following review helpful. Putting the 'creative' back in good writing... By Surfgirl33 'Everything is Better with a Gorilla' combines humor and wit in the creation of a tome that is fun to read (and informative) for kids and adults alike. The illustrations are fantastic and take the story to another level, and each individual story is perfectly lengthed to read alone - but compelling enough that you can't put the book down. This is one of those books that you read - read again - and share excerpts of at dinner parties. Great also for smart, interesting parents, and their developing smart, interesting kids. Can't wait to see the next chapter in what I hope is a series of these guys' thoughts.... my vote for the next one is the pot-bellied pig, personally! Bravo, Vince and Andrew... this book will be in my house for the long run! 0 of 0 people found the following review helpful. Everything is Better with a Gorilla - A must have for animal lovers By Gorilla gorilla This is a whimsical book about gorillas that both young and adults will enjoy. All zoos should carry this book which gives real information about gorillas and their life styles in a wonderfully funny manner. The illustrations that accompanies each of these vignettes are fabulous. If you know about gorillas you will love this book. If you don't know about gorillas, you will learn to love them!

Being best buds with a great ape is basically the most awesome thing in the entire world. They're excellent wingmen.

They're accomplished bargain hunters. And their impressive dexterity makes them the perfect ping-pong partners. The perks are pretty much endless. Whether you need a hand organizing an Olympic-caliber bobsled team or fancy a leisurely stroll, a Gorilla is the ideal companion for whatever it is you're game to do. And the guidance they give is the absolute tops. Gorillas know the dish on the hippest eateries around and provide financial advice that's unbelievably sound (as they hold true to a "don't spend what you don't have" policy). Everything Is Better with a Gorilla because, well, it just is.

About the Author Andrew Gall is a graduate of Western Washington University and the Chicago Portfolio School, and works as a copywriter. He is also very knowledgeable of the gorilla's lifestyle (their real lifestyle, that is). Gall lives in a pink house in Seattle with his wife Megan. Vince Soliven has been designing, art directing, and illustrating projects of all sorts for a number of years. He currently resides in Los Angeles with his wife Shaleah, daughter Sydney, and two chihuahuas.
