This book has a ton of great ones, the only comment is that I wish the paper was a tad bit thicker. It is thick, but I just it to be a little more durable for the postal service. 8 of 8 people found the following review helpful. Imaginative and Darling. By Brittany I absolutely adored this book. Already sent a few postcards after painting them and writing messages and I'm hoping friends and strangers alike are inspired to create and destroy and imagine more. Always a fan of Keri Smith and this book is very accessible for a newcomer or someone who just wants a lot of darling postcards to send out. 1 of 1 people found the following review helpful. Fun and interesting! By Jacksmum This item was perfect and hilarious, I enjoy sending post cards to a friend, I love that they provided interesting and fun things to do with the cards before sending off.

From the internationally bestselling creator of Wreck This Journal comes an imaginative new project: fifty postcards that send you on a quest to reanimate everyday life... Leave notes in public for strangers, dream up a tiny imaginary world, summon magic powers, draw a portrait of yourself as a hero, create your own treasure map, or access a secret portal whenever you wish. Don't you just love getting something unexpected in the mail? With Everything Is Connected, your mission is to reimagine your world—and the worlds of everyone around you—one postcard at a time. Creative, collaborative, and winkingly subversive, this postcard set is a manifesto, a mission, a game, and an invitation in one convenient package.
