

nice mix of serious and playful. While I don't write in it a lot, I'm very glad I bought it. 0 of 0 people found the following review helpful. Loved this Book! Great gift for 20 somethings maybe 30 somethings too By Cheyenne I bought this book as a gift for my 23 year old daughter, read it first fell in love with it right away. Ended up buying 3 more. Gave them to other friends' children in their 20's who I've known since they were in grade school. Now they're all just out of college trying to find jobs. Everyone one of them LOVED this book. My daughter especially. They couldn't put it down on Christmas Day. And as parents you know how good that feels. To get them something they didn't request, expect, that you picked out they can't believe how much they can relate to, page after page after page. I think it's comforting no matter what age we are, to know we're not alone with a lot of the feelings, hardships struggles we're experiencing that it's ok to laugh at much of it too. To not take it all so seriously. This author has a way of balancing truth with sensitivity humor without carrying on too long about anyone thing. (much like I know I can do as a parent from time to time). I think it's a must read for most all 20 something's. Of course not every book is for everyone. 0 of 0 people found the following review helpful. Horrible book. I'd give zero stars if I could By AYKHorrible book. I'd give zero stars if I could. The tone is pretentious and haughty. For example, as an individual who is pursuing a career in the arts, you must get used to people giving you flack for your chosen path. However, the author makes multiple points to immaturely complain about those who are wary of her career, and even those who simply ask her what she wants to do with her life. That's just the tip of the iceberg of things that are wrong and annoying in this book. Just wait until she gets into her love live... It was a total waste of my time and my money and I regret ever investing any interest in it.

F*ck! Everyone has that moment—the realization that adulthood has arrived, like a runaway train, and there's no getting out of its way. In attempt to express the contradictions and anxieties that come with being over-educated, minimally employed, mostly single, and on your own, Emma Koenig turned to the blogosphere. In this collection of her most popular posts from her blog of the same name (along with over 50% new material) Emma harnesses the power of illustrations, graphs, checklists, and flowcharts to explore this twenty-something life.

"Must Read" -Hurricane Vanessa "This quirky new book by Emma Koenig provides sweet salvation in knowing that you're not alone in thinking that your Twenties suck." - Tantrum Magazine "This book is like keeping a tray of brownies on your cookie table; it's completely irresistible, and will leave your guests chatty and satisfied." -Nylon magazine About the Author Emma Koenig is a New York based actor/singer/writer and the creator of fuckinmy20s.tumblr.com. She is still waiting for her BFA to pay for itself.
