Dare You Stamp Co. : F This Shit Stamp Kit (Dare You Stamp Company) before purchasing it in order to gage whether or not it would be worth my time, and all praised F This Shit Stamp Kit (Dare You Stamp Company):

For those moments when all you want to do is throw your arms in the air and shout: F THIS SHIT. Don't just say it -- STAMP IT! When you've hit your max and you've just had enough, ink your stamp, slam it down, and really leave your mark! Let your feelings flow in ink--permanently--when you stamp F THIS SHIT across any surface. The stamp kit features a self-inking rubber stamp along with a hilariously snarky booklet filled with advice on creative, laugh-out-loud uses of your new tool. Whether you're dealing with overdue bills, annoying roommates, a pestering manager, or even the IRS, you're bound to have plenty of opportunities to tell deserving suckers how you feel.
