Tom Angleberger : Fake Mustache: Or, How Jodie O'Radio And Her Wonder Horse (And Some Nerdy Kid) Saved The U.S. Presidential Election From A Mad Genius Criminal Mastermind (Turtleback School Library Binding Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fake Mustache: Or, How Jodie O'Radio And Her Wonder Horse (And Some Nerdy Kid) Saved The U.S. Presidential Election From A Mad Genius Criminal Mastermind (Turtleback School Library Binding Edition):

7 of 7 people found the following review helpful. Fun easy read.By Paul PrestonI read this to my seven and eleven year old boys and they really liked it and couldn't wait for bed so I would read more chapters. I liked it because there were a few characters with fun accents that I got to read. I did think it got a little slow in the end and wrapped up quick but otherwise I have loved all of Tom Angleberger's books and look forward to the next one.0 of 0 people found the following review helpful. Kid humorBy SusaninacloudIt won as the best Sunshine State book at our school. I guess you have to be a kid to enjoy this book. The ridiculous situations and steam of consciousness writing was an ordeal for me to wade through.0 of 0 people found the following review helpful. LOTS of Kid humorBy Nelda BrangwinI loved Angleberger's Origami Yoda series, and was pleased to see this on the list of nominees for the Sasquatch Award in Washington State. As a librarian I was pleased to see our profession being represented by librarians who know ninja kicks. It is all because of the fake mustache Casper, Lenny's genius friend bought. Now Casper has turned into a bank robber accumulating millions of dollars in his quest to be president. The humor is definitely for kids! I had kids waiting for it before it was ready to check out and I bet they'll like it much more than I did.

FOR USE IN SCHOOLS AND LIBRARIES ONLY. When his evil-genius best friend, Casper, plots to take over the world, everyday kid Lenny becomes humanity's defender as the only person capable of seeing through Casper's handlebar-mustache disguise.

About the AuthorTom Angleberger is the bestselling author of "The Strange Case of Origami Yoda," which won the 2010 E. B. White Read Aloud Award for middle readers, "Darth Paper Strikes Back," and "Horton Halfpott," which "Kirkus" dubbed "a romp from start to finish." He lives in Christiansburg, Virginia, with his wife, author and illustrator Cece Bell.
