Beautifully Drawn!By John Wiki bought this for my 10 year old daughter because she loves dragons, and she certainly seems to enjoy it.The drawings are lovely and the dragons are shown in a variety of scenes. I particularly like the faces of the dragons as the artist seems to have illustrated individual personalities which can be difficult. There is also a sense of movement in the drawings which is nice.From my daughter:"It is fun to color in!"* I've added three designs colored by her in the "product images" section.:)1 of 1 people found the following review helpful.
