Good art, bad printingBy Lauren S.Cool art, but print quality and paper where really horrible. Also, many of the pictures are too dark to even color.1 of 1 people found the following review helpful. Great coloring bookBy judie wrightI really enjoy this book.I have a lot of coloring books but I always go back to this one.

The faeries you'll find in the pages of this adult coloring book range across all aspects of the fantasy realms. There are even a few "bad" faeries for those who lean to the dark side. All twenty five of the highly detailed grayscale coloring pages you will find inside this book feature the fantasy artwork of Tabz Jones. Originally these digital art pieces were

rendered in full 3D color, now they are available for you to color at home.

About the Author Tabz Jones is a self taught digital artist who lives in Northwest Arkansas with her five amazing children, two dogs, one cat, and her very understanding husband.
