Ellie Nellz : Fantasy Grayscale: Adult Coloring Book (Volume 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fantasy Grayscale: Adult Coloring Book (Volume 1):

“Fantasy Grayscale Vol 1” contains 37 of the most engaging castles, characters, objects, and figures! Lose yourself in the wonderment of these stunning images in my specialized grayscale format. Features: 37 eye-catching images The flipside of each page is left blank Wide variety of images 82 pages (8 ½ x 11) 60# paper (white) Works great with colored pencils pens! Full-color, laminated cover in glossy finish Great gift or buy as a personal treat! Excellent stocking stuffer! The Ellie Nellz “grayscale” process takes grayscale to the next level by incorporating a technique which blends computer generated sketching with grayscaling to ensure additional detailing is added during the color washing process. This helps your finished product look more professional, more detailed, and more, well, finished.

This methodology of grayscaling gives the colorist the best of both worlds - the traditional line drawing of a great sketch artist and the latest trend of keeping the shading and highlights. What's not to love about that? For more, see the "Grayscale vs. Sketch" section of my website: www.ellenellz.com. The "Gallery" is filled with coloring schemes and ideas! These pages work excellent with colored pencils and regular inks. Gel inks should be tested prior to use and then used at your own discretion. Paints, markers, etc., will bleed through and could cause ripping and should, therefore, not be used. Placing a blank sheet of paper underneath the page you're coloring helps to protect the next image. This coloring book contains fully licensed artwork by various artists, illustrators, and/or photographers further processed by me, Ellie Nellz, as a collection of computer generated and photo manipulated sketch and/or grayscale images presented for fellow lovers of the coloring realm to enjoy. So, ENJOY!

About the Author Like many lovers of beautiful things, I am a mother, a daughter, a sister, an aunt, a teacher, a learner, a giver, a receiver... Well, you get the picture. I'm really no different than anyone else, than any of you, unless you're a guy, because I'm a girl. Or, unless you don't have a grand sense of humor because mine is usually quite over-the-top, of Mount Everest that is. I simply love to bring the beauty of life to those who enjoy it as much as I and I've found that coloring is one of the best ways to experience it. So, I said to myself, as I often do talk to myself because who the heck else is going to be so agreeable with the likes of me, right? So, I decided, (see how quickly we agree?), to gather a ton of great art from the net and work my graphic magic so that tons of fellow coloring lovers like us, you and I, could well, color as much as we loved. And, well, here we are. I am. You are too, 'cuz you're reading this. So, I won't bore you with a laundry list of me, me, me, 'cuz you're here for the wonderful Ellie Nellz coloring books, right? Instead, I'll continue to do my best to present to you the most beautiful images by the wonderfully gracious artists, photographers, and illustrators who are generous enough to license their art so that creatives like me can add them to my line of renderings which I affectionately call, "Sketches and Grayscales by Ellie Nellz," and pass them along to creatives like you. So, take a gander at my website if you will. Hope to see you there and, as always, I wish you the best of blessings and happiest of days! And, of course, happy coloring! www.ellenellz.com
