Scott A. Sorensen : Fart Dictionary before purchasing it in order to gage whether or not it would be worth my time, and all praised Fart Dictionary:

He took it to work to share, I caught him laughing with it a little here and there, and he even shared the "funniest" ones with me, much to my dismay. He really enjoys this book. Its currently tucked away in his drawer, so for now we don't have to hear what kind of farts are going on with he and the boys...my girls and I are ladies and don't do such things. :-P0 of 0 people found the following review helpful. FunnyBy AthenaGot this book for my husbandas a stocking stuffer, he loves it, he took it to work and I ordered one for his co worker. Very funny, no violence just plain funny.2 of 2 people found the following review helpful. If you need a fart dictionary, this is one!By JulesaaIt's a fart book...I can't give it 5 stars, it's against all I am. It's a book on farts...don't know what else to say about

it. Made my nephew laugh, and that was the point. He read it aloud on xmas for hours on end...I know more about the different types of farts than I probably should know.

The one and only Fart Dictionary is a hilarious, illustrated collection of fart definitions for every occasion, covering a wide range of topics.

About the Author Scott A. Sorensen is a mechanical engineer who once worked on the development of amusement park rides at Disney World. Finally deciding to abandon the amusement park trade, Sorensen moved back to Florida and decided to pen his masterpiece: Fart Dictionary.
