**Neild : Fashion Doodles** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fashion Doodles:

1 of 1 people found the following review helpful. Fun alternative  
By Customer3rd time I've ordered this Doodle book. Keeps me occupied for weeks coming up with new design concepts. Being older, I think it's important to keep your mind hands busy. You can only do so much reading or crossword puzzles without getting bored. Since I'm handicapped with limited movement the Doodle books give me an alternative way to fill my day. And anyone who likes to doodle or has an interest in fashion or aspiring young designers will enjoy this, I'm certain.  
1 of 1 people found the following review helpful. Five Stars  
By Galway girl These books are amazing would recommend all of them to any aspiring fashion designer  
0 of 1 people found the following review helpful. Horrible  
By AzulHorrible. I don't know what to do with this book. It must be for very creative people. The drawings are half drawn; the lines half made; an illustration has thin and thick lines... The images seem unfinished. This book is definitely not for me.

Fashion Doodles is packed with fun, fashion-themed doodles for readers to complete and create using their own

imaginations. Contains beautiful and engaging spreads to fill in and finish off, so you can draw, color and create your own fashion designs.

About the Author Robyn Neild is a professional illustrator specializing in creating fashion and lifestyle imagery. Her clients include Vogue, Elle, Marie Claire, Tatler, Harpers Queen, Givenchy, Elizabeth Arden, Harrods, Liberty and John Lewis. She collaborated with Tara Palmer-Tomkinson on *The Naughty Girl's Guide to Life*.
