**Marjorie J McDonald : Fashion Fun Coloring Book** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fashion Fun Coloring Book:

If you want to be a clothing designer this is the book for you to help you get started with your sketching and color skills. Designing is a skill that can be obtained through simple steps. These steps require some action on your part be it to think a certain way, to act or react a certain way, or to take physical action. In reality, it takes a good balance of creativity and learning to draw well enough to be able to illustrate your end garment.This is where creativity meets beauty and style. These sketches you can practice with and color in are from my ready to wear ladies dress line. Enjoy

and have fun coloring them.
