7 of 7 people found the following review helpful. Great illustrations but poor paper qualityBy Lisa's Colorful JourneyGreat illustrations but poor paper quality. You can see the images of the next page through the one you are coloring. Pages are printed on both sides and can't be removed.1 of 1 people found the following review helpful. Nice designsBy Barbara MorganPurchased this book for a friend. She loves it and was excited to get. Each page is neat and has good designs.This is a good book for people who like coloring people and clothing. The pages are a good thickness.0 of 0 people found the following review helpful. pretty good bookBy meghan brownpretty good book, pages are double sided and some what thin so no markers, my only problem with the art is that on about 18 out of 100 faces the nose is drawn weird, making it appear piggy, otherwise its pretty good

This chic and trendy colouring book showcases more than 100 fashion creations and about 150 dream pieces. There's something for everyone: beautiful models offer aspiring fashion designers the opportunity to create clothes, bags, shoes, jewellery and hairdos in every imaginable style. The originality of this album, its organising principle, is to enable the reader to participate in the evolution of the various designs proposed. Whether still a student or already working, sporty or sophisticated, dynamic or easy-going, classic or free-spirited, cultivating an air of mystery or a more natural look, the budding stylist has now an opportunity to develop a particular style. All the drawings are displayed in black outlines to suggest a starting point where creation may begin and evolve as the colouring process comes into play. It is now up to the young fashion designer to mould and name the styles, breathing life into them. In doing so, this becomes an exercise in self-awareness that confirms one's personal style.
