I read his columns at TownHall.com on a weekly basis and had already read "Letters to a Young Progressive." This book is hilariously written! I truly enjoy the way he explains hard truths in such an entertaining manner. He is IMO a very gifted writer. As a woman, and a Hispanic at that, I appreciate him debunking third wave feminists hypocrisy and stupidity. Today's feminists are not truly interested in equality but rather on destroying and disrespecting men as well as murdering babies through abortion. Women who have fought for real equality are probably turning in their graves because of how these current "feminists" are tainting 1st and 2nd wave feminists REAL work and legacy! A great read for everyone, but I think women should really read it so that they are well informed and don't get soaked in into the moronic, perverse, immoral, hypocritical, and dangerous world of 3rd wave feminism.1 of 1 people found the following review helpful. Excellent expose for the idiocy of modern feminism.By Wesley HortonExcellent expose on the idiocy of the modern feminist movement. Perhaps they should concentrate on THEIR message and stop worrying about the furtherance of progressive and or liberal politics above all else.For someone who once supported feminism, I abhor it today. Political correctness. . . politics over all else. . .6 of 6 people found the following review helpful. Bought for myselfBy april bartlettI think I laughed out loud with most every chapter and even read some to my husband. I loaned to a friend to read too. As a very intelligent non-feminist, I found this book refreshing after dealing with college instructors to were over-the-top feminists.

A hilarious romp by a popular conservative columnist The four most common words a feminist uses are "I," "me," "my," and "mine." Feminists are the only people who actually use these words more in adulthood than they did when they were two years old. Mike Adams-like P. J. O'Rourke and Christopher Buckley-understands that the best way to fight humorless liberals is to poke fun at them. And no liberal group is more humorless, or more in need of poking, than feminists on college campuses. It might seem like professional suicide for a conservative male professor to ridicule feminists for their antics on campus. But Adams does just that, with hilarious results. In *Feminists Say the Darndest Things*, he writes to feminists around the country with many thoughtful questions, such as: Why did they build a sex toy museum in the middle of a campus and then file sexual harassment charges against those who criticized their indiscretion? Why do they write "scholarly" articles like the one suggesting that deer hunters are simply acting out fantasies of raping underage women? And why, after his column said that feminists are intolerant of free speech, did they respond by trying to get him fired? When the author's pen pals take the bait, they do a better job of making feminism look silly than any critic ever could.

From Publishers WeeklyIn *Welcome to the Ivory Tower of Babel: Confessions of a Conservative College Professor*, Adams lampooned liberals, campus radicalism and the academic left. At the outset of his second jaunt across the campus, the highly opinionated professor of criminal justice at the University of North Carolina–Wilmington explains his reason for targeting feminists: I want to find out why they hate us. Unleashing salvos of sarcasm, he collects his correspondence addressed to feminist students, professors, activists and administrators, including some letters never mailed (probably for the best). Claiming that feminist scholar is an oxymoron, Adams asserts that feminists have no sense of humor, are the biggest censors on college campuses, lack the courage to act as individuals, engage in widespread academic and personal dishonesty and attempt to solve problems by changing society rather than their own behavior. Ridiculing feminist-sponsored masturbation workshops, he notes, Men are fully capable of masturbating without taking a seminar.... For campus feminists, it's another excuse to seek funding from the university administration. Adams's caustic survey of the feminist worldview is certain to stir up controversy when his conservative radio promotional campaign gets underway.
