JUST WONDERFUL AND SO APPROACHABLEBy another painterThe barnyard Buddha Shaun the sheep lets us all in on how to handle modern life and its stresses.Everything from how to dress and eat to keeping it COOL is hereA tiny book with a sly and gracious sense of humor that will dlight adults as well as childrenI gave it as a gift to a young man I just met who kindly helped me out in my garden. He was delightedI hope you will be too1 of 1 people found the following review helpful. So Cute!By PeekamooThis book is really cute and I think any and all Shaun fans should add this to their library. The only "down" side, for me, is that it is based on the Wallace and Gromit movie, "A Close Shave" rather than on the Shaun the Sheep show. I would have loved having pictures in this book with Shirley, Timmy and the Flock. Still, it is an adorable book with short (and useful) tips for finding your Inner Sheep.... uh, I mean your Inner Peace.1 of 1 people found the following review helpful. Cute, but so wee...By M. B. TrumanLove Aardman, WG, Shaun, etc...but missed it in the description that this book is the size of a postage stamp...\$9.95 a bit steep...what saves it, though, is the correlation between the affirmations and the animation...some are just laugh out loud funny. If you're a die-hard fan, then this book is for you...just read it reeeeeeeally slowly.....

Book by Wallace and Gromit

From Publishers Weekly Fans of Wallace and Gromit, get ready: now there's a book to help you naaaaaaavigate life's spiritual ups and downs! In Feng Shaun: Discover Inner Peace with Shaun the Sheep, you'll find simple tips on handling stress, eating right, praying, forgiving and keeping an open mind. Authored by Wallace ("a middle-aged Englishman") and Gromit ("his faithful dog"), the gift book is already a bestseller across the pond, and features photos from the film A Close Shave, which also stars Shaun the Sheep. Ordinary feng shui was never this much fun. Cheese and crackers not included. Copyright Reed Business Information, a division of Reed Elsevier Inc. All rights reserved.
