Offshoot : Fifi's World (Inside - Out of Sight) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fifi's World (Inside - Out of Sight):

Messy rooms, cluttered desks, busy streets will leave you baffled and bemused. Trouble, they say, never comes alone?and in this book it comes in the guise of Fifi, Jiffy, Mimi, Jingo, Snacky, Lofty and Softy. Go searching for these characters and their belongings lurking in every corner of these intricately detailed pages. Kill your buzz, lose your hangover of the previous night, get over your bad trip as you lose yourself in the troubles of these troubled souls. Be boggled and dazzled and have some fun!
