It's the perfect combination of funny, sweet, and touching.At the last baby shower I attended, we actually read the book out loud. Everyone loved the rolling verse and whimsical drawings. But, most of all, they loved how the references

from the original "50 Shades" book brought them back to the, uh, inspiration for the day's celebration. Love it! 0 of 0 people found the following review helpful. A must buy if your expecting a BabyBy DinoLove this book! Every expecting mother needs a copy! 0 of 0 people found the following review helpful. with the perfect dose of SeussBy Harriet ClevelandI will be buying this book for all expected Moms and Dads. The ideal read, whimsical and light, with the perfect dose of Seuss. Bought both and will continue to share with new parents.

Pink is the new Grey. Irreverent, poignant, true. This book celebrates the joy and humor of parenthood. The bestselling trilogy instigated a boom of "Fifty Shades" babies. And it turns out, True Love doesn't look quite like you expected. 50-page, full-color, illustrated Seussian book for parents. Like Adam Mansbach's "Go the F**k to Sleep," it's a reality check for new parents. A must-read if reading the E L James trilogy made you a mom. Great baby shower gift. Great Mother's Day gift.
