This was a gift for a bachelorette party and I found myself reading through the whole thing. Much more clever and witty than I was expecting and if you've read the Shades of Grey books I think you'll appreciate the subtle and not so subtle similarities. Overall, very funny and definitely a worth-while purchase for a gift. I think someone needs to have some familiarity with the Shades of Grey books to appreciate it though.0 of 0 people found the following review helpful. 25 Sheds at bestBy Rod KempTongue in cheek send up of the Fifty Shades series. Good concept but not clever enough to get it spot on all of the time. I wanted a good laugh on every page but was sometimes disappointed. Gives a few smiles on the first read through but lacks the depth of sophisticated wordplay to be a real keeper, so I'm glad I didn't shell out on the hardback.1 of 1 people found the following review helpful. Amusing, but not worth the priceBy Merry7This was very amusing, and I had a couple off laugh out loud moments, but it is definitely not worth the price.

"She knelt before me on the shed floor and tugged gently, then harder until finally it came. I moaned with pleasure. Now for the other boot . . ." Colin Grey's life was happy and simple, until the day everything changed-the day his wife read that book. Suddenly, he was thrust headfirst into a dark, illicit world of pleasure and pain. This is what happens when a tide of tempestuous, erotic desire invades man's last place of privacy: his backyard shed. WARNING: Fifty Sheds of Grey contains fifty graphic shed-based images. Please do not look if you are easily offended. Follow the phenomenon @50ShedsofGrey
