James Branch Cabell : Figures of Earth before purchasing it in order to gage whether or not it would be worth my time, and all praised Figures of Earth:

0 of 0 people found the following review helpful. well doneBy WayneThis reading like that of Jurgen was exceptionally well done. Both of these I would categorize as remarkable nonsense of the most useful nature.0 of 0 people found the following review helpful. CrazyBy David Swansongreat story, my personal favorite of Cabell, of course I have not read it all. But I hope to read King Rat soon.0 of 0 people found the following review helpful. Three StarsBy CustomerThis book has some very funny moments, it's main flaws are pacing and trying to set the right tone.

Delightful in its grave and insinuating humor. It is so universal a comedy - Sinclair Lewis.
