**Jane Smith : Finding the Shelf Within: Spiritual Development Through Home Improvement** before purchasing it in order to gage whether or not it would be worth my time, and all praised Finding the Shelf Within: Spiritual Development Through Home Improvement:

RidiculousBy Sydney by way of NYCAfter receiving this 'book' as a gift I can't help comment on how amateur it is.The photographs featuring a sad, staid figure are basically a desparate housewife's attempt to define themselves as an 'artist'. Poor dear.If it's intent was satirical, it sure did make me laugh...outloud really, but not for the reasons it was intended I'm sure.Donate your \$10 to charity, it's a much better use of money than this purchase.

This funny graphic-novel satirizes the search for enlightenment and gurus of the New Age. A true story it charts the personal journey of Jane Smith—an ordinary woman—and her rise to become one of the most loved and inspired leaders of the global New Age through home improvement via selfishness and discovery of her inner shelf.
