**Brian Elling : Fish Happens: Words of Wisdom From the Penguins (The Penguins of Madagascar)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fish Happens: Words of Wisdom From the Penguins (The Penguins of Madagascar):

0 of 0 people found the following review helpful. Fun book for those of us who can't get enough of the Penguins!By asantayanaFun book. Each chapter was based on practical advice "given" by a show character to the reader. There were a good number of practical pearls of wisdom in the text. I read this book at bedtime for my three year old son and he enjoyed it. We covered only a chapter at a time as it is quite lengthy for a bedtime book.The book itself is of a sturdy, quality material. It also came colorfully illustrated with pictures from the show. I'd recommend this to

Madagascar fans (especially of the Penguins). It would make a great gift.0 of 0 people found the following review helpful. Fun for all agesBy strohaBought this book for my nephews, aged 8 - 12. They love the movie so I bought this as a companion piece. And they loved it. Very funny and witty. They laughed at the kiddie humor and I was laughing at the hidden adult overtones. Brian Elling must be a funny man, not just based on this book, but also by his bio. Hoping he will write one for all those Dragons in How To Train Your Dragon as well. That is my nephews other favorite movie. Order this book TOdAY.0 of 0 people found the following review helpful. Five StarsBy andyVery cute book bought for my son to read with his dad.

The perfect graduation gift! The Penguins of Madagascar have seen it all and planned for even more. In this book, the Penguins and their friends provide tip-top advice on navigating life's trials, which older readers and fans of all ages will enjoy. Perfect for a graduation gift, this book contains plenty of tips, tricks, and humor.
