Karen Elaine Sunderland : Fishier Than a Fish before purchasing it in order to gage whether or not it would be worth my time, and all praised Fishier Than a Fish:

After an unforgettable game of charades; Stone Fishy, boyfriend of Cindy, Jason's mom, pulls Jason's chair out from under him and more. Though Uncle Dan warns him not to do it, the inventive Jason takes revenge on Stone. He

muddies Stone's car, drips juice on Stone's head, bounces him, and much more. So, Cindy considers Stone's suggestion of a boarding school for Jason, but Jason decides to stop the revenge because he realizes that he's acting like Stone. But, he gets a baby-sitting job next door to Stone. This leads to some crazy kids and a messy chase that includes Santa. Will Jason get revenge?
