**From Ellen Million Graphics : Fishpond Fantasies; a Coloring Book of Mermaids** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fishpond Fantasies; a Coloring Book of Mermaids:

2 of 2 people found the following review helpful. this is just so pretty By Bascha WI have this in PDF form and it is absolutely beautiful. I've colored many of the pages (some over and over again) I like how each page can be a story on its own. It's so detailed that you can spend hours just on one page, or you can just "go over it" quickly for a still beautiful, less detailed page. I highly recommend this artist and this coloring book. It brings out the child in yourself. Also an amazing gift for friends in the hospital along w/ colored pencils, or teenagers who are artistic and you've no idea what to get them.

20 pieces of mermaid art - and merman, and octomaid! This is a followup to our wildly popular Fishbowl Fantasies (now sold out). Difficulty level: Pretty Darn Challenging Staple-bound, 8.5 x 11 inches, with a heavy, glossy cardstock cover in full color and single-sided pages suitable for most media that isn't too wet.
