**Frits T Forrer : Five Years Under The Swastika** before purchasing it in order to gage whether or not it would be worth my time, and all praised Five Years Under The Swastika:

0 of 0 people found the following review helpful. WW2 thru a child's eyesBy Scott SpeckhartThis story tells how even during war, occupation, and all the trials that accompany it, a child and his friends can flourish, and still have fun. He tells how he found the bright side to 4+ years of occupation, and gives insight to how life was under Nazi occupation.1 of 1 people found the following review helpful. Five StarsBy Tom VandiverMy neighbor Frits is the author.1 of 1 people found the following review helpful. Five YearsBy EditorFive Years Under the Swastika is a compelling first

hand account of living through WWII in Holland not far from the German border. The book is written from the perspective of Frits, the author, as a boy, so it is full of adventures. The book brings to light the difficulties of just staying alive in a war torn country. It is a good read, however, the use of ALL CAPS is a distraction. There did not seem to be any rhyme or reason to their usage.

World War Two, German occupation of Holland, seen through a boys' eyes.
