By Maureen Kelly
Mr. Myers has a very spirited way of writing that is easy and makes for quick reading. This is a book filled with short stories of his life interspersed with vignettes of his clients. I will read more of his work. Good job!

"Flying Paint Rollers from Heaven" is a spiritually uplifting and enlightening piece of work. The question answer format allows Andy to infuse his personality into the pages and makes the reader feel like he/she is actually having a conversation with a friend. But the depth of this book goes beyond the words on the pages. If you read with an open mind and an open heart, you will appreciate the emotions involved in the creation of this book. It can leave you feeling comforted and inspired about the human experience. Whether or not you believe in psychic ability, the stories told here give a warm feeling about life in general, and we can all use a little of that now and then.

It is a wonderful book and very enjoyable read, especially if you have met Andy in person and know what a kind generous spirit he is. One can hear his voice and personality speaking right from the pages of the book, with delightful humor and amazing openness and vulnerability. I came across the book accidentally and immediately recalled the reading that I had with Andy in 2013 (?), realizing that he actually predicted the name of a very dear person, who came into my life in December of that year - just as he said. Few other things that he told me during my reading, and which seemed completely impossible at the time - did come true in a certain magical way. If you get a chance - do schedule a reading with Andy.
Ok.. it wasn't much about the book after all, but won't you just hate spoilers?

Can my loved ones in Heaven see what I'm doing ALL the time? Which affects my life more: free will or destiny? Do I have a grand plan? How do I know who my spirit guide is? Can one person really read the mind of another person? Am I with my soul mate? If not, when will I be? These are just some of the many questions Psychic Medium, Andy Myers answers on a daily basis. With warmth, humor and his signature sincerity, Andy addresses over 70 questions he most often answers as an in-demand psychic medium and intuitive. Andy's passion for sharing the most important message of all – you are accepted and loved, no matter what – shines through each chapter as readers discover hope and healing through candid and oftentimes astonishing personal anecdotes and tales of documented readings. And like all great books, there's even a love story you won't soon forget.
