Ogden Nash, Etienne Delessert : Food before purchasing it in order to gauge whether or not it would be worth my time, and all praised Food:

1 of 1 people found the following review helpful. Food Mood By Ben Rose Having thoroughly enjoyed Ogden Nash's ZOO for many years, I was thrilled to see this book with illustrations by the same artist Etienne Delessert. But reading this has been something of disappointment. While a few of the poems are witty and clever, far too many missed the mark for me. The drawings are lovely and luscious. I am giving it four stars as the few gems make it worthwhile. 0 of 0 people found the following review helpful. Five Stars By Leesa Z. Jefferson Excellent, Excellent, Excellent! 0 of 0 people found the following review helpful. a must for people who have a funny bone. By Henry M Meyer I have not stopped laughing, a must for people who have a funny bone.

A rollicking new collection chronicling America's funniest poet as he examines the question of salad dressings, the dilemma of dining, his impressions of assorted food, and more. As usual, the verses are all accompanied by Delessert's exquisite illustrations.
