I'm so glad I found this wonderful little book! It has turned out to be the perfect gift for my hard to buy for co-workers and the teachers of my young children. I tucked a Starbucks gift card inside the book cover so, long after the Lattes have been sipped away the book can be savored for years to come. I've received great reviews on this gift giving idea.

Great little hardback book with very clever illustrations and sayings that even I, a non-coffee drinker, could appreciate! I bought several copies and have given them to friends and co-workers, along with a coffee store gift certificate, as birthday gifts.

This energetic little gift book is the next best thing to a cup of java itself!
