Horsey, however, is also a magnificent draughtsman, guided and inspired by the styles of the earlier, incomparable Mad Magazine cartoonists. Acute, witty, and liberal, Horsey deserves further collections in addition to this one--let's hope they're forthcoming 0 of 0 people found the following review helpful. Featured on the editorial pages of The Seattle Post-Intelligencer and syndicated to 250 newspapers across the nation, David Horsey's cartoons deliver social and political commentary with a punch. This collection of more than 150 editorial cartoons from the two-time Pulitzer Prize winner chronicles recent events in America and the world, while delivering social and political commentary with a punch. The recurring character in this collection is George W. Bush. Horsey's cartoons track his rise from a candidate who won the White House without winning the most votes to a commander-in-chief who went to war in spite of worldwide protest. From Hanging Chad to Baghdad features the rich - almost voluptuous - black-and-white imagery that has made Horsey famous, as well as 24 color pages that show off the celebrated cartoonist's skill at an extended comic form.
