I had Fun with Puns....so should youBy fonda bromelandThe play on words was quite clever and I think it's a great book for a 9-12 year old.0 of 0 people found the following review helpful. Great for literally ALL kidsBy StefanieCute book, my autistic son really liked it alot. He has been reading since age 4 however has always had a hard time understanding play on words, the illustrations helped. All children should read this...and sadly many adults NEED this smh. The lack of ability to read and write our own language in the country is embarrassing to the rest of us. This book was a great idea and very nescicary. Good book Brunotte! You should write more. Try moral values next...our country could use that one...and manners as well ;) lol
