details and surprise with every page turn. Totally in love!!

I am so excited about this book! It is filled with one of a kind imagery that lets the buyer enjoy hours of fun. This book is very different from other adult coloring books. i designed it that way on purpose. I wanted the buyer to be able to finish a page in one sitting. I purposely drew the images larger so that you could add your own flair to each page. To see what I'm talking about you can take a look at either my Instagram page mannojv_ or on my Facebook page Funky Faces. I have demonstrated exactly what I'm talking about by posting finished samples from this book as well as my other two. I hope you have hours and hours of fun! P.s. I would love to see your finished pages, please post them here. Finally I'd like to thank you for your support. It has always meant so much and keeps me incredibly motivated!! XOXO
