Alena Lazareva : Funny Animals: Grayscale Coloring book before purchasing it in order to gauge whether or not it would be worth my time, and all praised Funny Animals: Grayscale Coloring book:

10 of 10 people found the following review helpful. Great book cute animals By wells As always Alena did it again. This is a great book and I love it. It is not realistic animals though they are more of a cartoon variety. But it's fun when you want to do something fun and not real estate one costuming. This book is great for any colorist as the pictures are not overly detailed. I am very happy with my purchase. I really love grey scale pictures. And this is different than all the others I am really happy with this purchase. And I love all her books I'm a huge fan of her work. If you like grey scale and want a fervent type of book I would get this. If you buy this I hope you enjoy it as much as I do. Happy coloring..3 of 3 people found the following review helpful. Another Great Book from Alena Lazareva! By StarGirl I am in awe of Alena Lazareva's newest book, Funny Animals: Grayscale Edition! I love the fact that all of the pictures in this book is a step outside of her normal enchanting fairies, mermaids, and mythology characters. This book is filled

with one precious animal or cartoon type animal, after another! No matter if you are an adult, child, or simply young at heart, this book is suited for everyone! The grayscale is perfect, not too light and not too dark. The paper quality accepts pretty much all mediums perfectly, but as always place card stock or a few sheets of paper underneath for any bleed through. Even though the pages are not perfect, they are easily removable with an Xacto knife or something sharp. One of the great things I love about this book in particular is that it is great for any artistic level and age group! Even if you are an advanced colorist, all the pictures are challenging enough, and yet still suitable for a beginner. Alena just keeps on surprising me with each and every book she puts out! *I did NOT receive this book free or at a discount! Just an artist trying to pass on helpful info to other artists out here! I will come back post finished pictures for an example soon! 2 of 2 people found the following review helpful. I Love these adorable grayscale animals. Great Book!! By pinkrose37 I really love this grayscale book. I actually love all the art by Alena Lazareva. These animals are just darling!! Such a great book if you are looking for something fun to do!! I would recommend this book. My only suggestion would have made it a perforated book. I like to take the pages out of my books so I can use any medium without worrying about bleed through...still...an amazing book!

GRAYSCALE coloring book featuring the illustrations of Alena Lazareva . This book includes 25 unique different hand drawn funny illustrations: cats, hares, elephant, giraffe, tiger, snail, cheerful pig, elephant, hamster, chicken, owl, caterpillar, fish.

About the Author Alena Lazareva. alenalazareva.com . Digital artist and illustrator. I have been drawing since childhood. I studied at the School of Art as an artist. In digital painting I like Fantasy style. I like to represent fairies, angels, mermaids and mystical images. My artworks are published in magazines of different countries (England, Australia, Italy, Russia)
