who is the fun, silly one in the family. He can sit and read joke books for hours. This one was no exception. I made a mistake of letting him read it shortly before bedtime and he didn't want to put it down. Occasionally he would scratch his head, but most of the time he was giggling or laughing out loud. His critical assessment, "Some of the jokes are lame but most of them are funny. I really like the knock-knock joke about the pizza." Great book for kids who like jokes and a fun book for families who want to spend some time together sharing a laugh. 1 of 1 people found the following review helpful. Cute Jokes That Your Children Will Love! By Jennifer This book has jokes for every occasion! Animal jokes, Knock-Knock jokes, seasonal jokes, as well as tongue twisters! Not many joke books come with tongue twisters, so I was pleasantly surprised to see that section in this book. There are some familiar jokes, as well as many new ones, which is nice. Get this book for your kids, it'll have them laughing and giggling for hours! 0 of 0 people found the following review helpful. Cute and great for young kids By Alexis As the mom of a first grade boy, I am always looking to avoid the inevitable, ahem, potty humor that seems rampant at the lunch table. This book is a hilarious and witty way to do just that. The jokes and riddles are clean, cute and easy to remember. Even my four year old daughter has been known to blurt out her favorites from the backseat of the family van. Highly recommended!!
