blog for examples of his incredible writing. Also, check out *The New American Road Trip Mixtape*. It is amazing as well. Brendan Leonard is a talented author who is able to distill salient points about the outdoors and life into humorous and informative stories that make the world better one keystroke at a time. 0 of 0 people found the following review helpful. Great collection of stories for all who love the outdoors! By Tobias N. If you have ever enjoyed a bowl of oatmeal, while wearing a puffy and watching the sun rise over the wild treasures of the American West, then you will love Brendan Leonard's writing. A great collection of tales told by a dirtbag for dirtbags and all who share in the love for the great outdoors!

Brendan Leonard's *Semi-Rad.com* has become the funny, introspective voice of everyman and everywoman adventurers-from the pitfalls of introducing a new love interest to a dangerous sport, to the mishaps we have trying to use the bathroom in the wild. Since 2011, more than one million visitors have read and shared Leonard's writing, making *Semi-Rad.com* stories some of the most viral outdoor content on the internet. *Funny Shit in the Woods* collects 40 of *Semi-Rad.com*'s most popular stories in one volume: a single portable archive without the mouse clicks or internet searches-complete with all-new amateurish illustrations hand-drawn by the author, usually while in the front seat of a moving car. If you've ever considered the absurdity of sleeping on the ground in a place where bears live, pooping in a bag on a glacier, or trying to teach someone you love a sport that could scare them to the point of loudly threatening to kill you in front of strangers-or if you find yourself inexplicably drawn to adjust the burning logs in a campfire every two minutes, *Funny Shit in the Woods* will make you laugh, and might inspire you to get outside a little bit more.

About the Author Brendan Leonard is the creator of *Semi-Rad.com*, and a contributing editor at *Adventure Journal*, *Climbing*, and *The Dirtbag Diaries*. He grew up in Iowa, moved to Montana when he was 23, and realized he'd probably never move away from the mountains after that. He has climbed, backpacked, and mountain biked all over the West, and his stories have appeared in *Backpacker*, *National Geographic Adventure*, *Outside*, *Men's Journal*, *Sierra*, *Adventure Cyclist*, and in his first book, *The New American Road Trip Mixtape*, published in 2013. His favorite place to write is still *Semi-Rad.com*. He lives in Denver sometimes, and sometimes out of a van rolling around the West.
